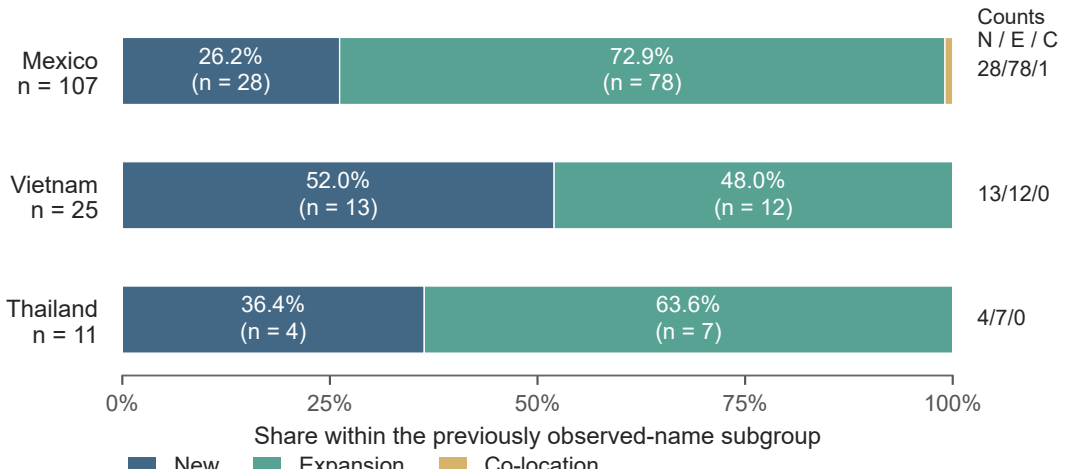
Previously observed parent-host names also have New records

2020-2022 Manufacturing records | Same normalized source-country / parent / host observed in 2014-2017



Subgroup / all post records: Mexico 107/345; Vietnam 25/77; Thailand 11/53. N/E/C = New/Expansion/Co-location.

Positive matches indicate recorded project history, not proven local operation or enterprise identity.

New does not mean first enterprise entry. A missing prior name match is not evidence of entry.
